

## News Release

# Advent Cat Risk wins Information Privacy & Security Assessment Contract

**Will provide industry expertise to Assess E-Health / Analytics Operations**

For Immediate Release

**West Hartford, Connecticut, July 3, 2014** ----- Advent Cat Risk LLC announced that they have entered into an agreement with an industry leading Cyber Security firm to fill the fast growing need to gain control of Cyber threats that many firms are feeling the heat over. The specialists of the new partner firm have deep and broad experience with top government and private sector Cyber protection and response affiliates. This contracted work will produce a comprehensive Cyber Security Assessment and HIPAA review using the latest global industry standards and methods. It is expected that many existing, as well as prospective risk services clients, will want to engage in their own as outside comprehensive reviews since they are viewed to be very cost effective and could produce an incalculable ROI should they ever be a target of a serious cyber-attack.
